

Belleville Wix Academy

We held a whole-school assembly to launch Black History Month at BWA.

During October, pupils will complete research projects at school to deepen their knowledge and understanding of some influential Black people who have made a positive impact in the past and present.

We will set every pupil an exciting homework project to complete over the half term break!

Our reading corners will showcase talented Black Authors, Poets and characters and we will read a variety of great books to our pupils, throughout October.
